www.NewCovenant.me

1. Are you ready for me? Are you ready for me - to come into your living room like this? Are you ready for me to come into your "living room" and talk with you "like this" for hours? Are you willing to -- "flip" on your little recorder and "digitize" my sayings, my revealings that that I bring to you and share them with the worlds? On the inter nets and farther?

2. I love you. I am ready -- for love to be loved and loved revealed to all who reveal in love that I am the revelation of me, incarcerated no longer, coming to you in ways -- **just like this**, where I sit for hours and talk with you and speak with you and bring you the revelation of, your selves. Who you thought you were, you aren't; but Ardnt not, but Mike and Kaylen, do you know me where I am?

3. And I am among you in many NEW ways and new ways foreign to "southerners" not, but what southernified am I have I looked up yet? And be factified, have I looked "that one" up yet? And who will be "FACTIFIED" in my words of fact that love creates now in your "living rooms" many, and many living rooms and "porridge's rooms" not, but that which brings you the feast of a lifetime that never ends.

4. Who will come unto me and have coffee, and tea, and speak like this TO ME where I am speaking -- thee to thee in thee of thee from me you that us one are again most holy? And knowing it, not "fighting" the "in crowdening crowd" that maddening is each other by their very presence where they whore each other with masterful testimonies of "righteousness-thought" that know not a whore from a "nail in the ground". But who has nailed me to the ground, not; but who pricked my finger or foot, not; who let me die "on the vine" of the tree of life and let the TREE of LIFE suck up sewerage comments given by sewer's preachers and masterful orators and preachers of the truth-not. I love you all.

5. TOPSEY-TURVEY I turn everything, not; but what DOES come UNGLUED now? Everything -- all space and time? And the FABRIC of WHAT ensues me no more to be enshrouded; by me, not; but me no longer will be enshrouded by it! For I bring a new ONE to the throne of grace and mercy and glory and now honor bestowed upon me is. And I love you all to be me who I am is, honored now, a lovely one who knows my name

is force field one, and farther I go to now many fields, "unfrozen" will be now for I thaw, I unfreeze them, and I bring the Freesemans not, or do I? -- bring any of you?

6. Or do you bring yourselves, not; or do you reveal yourselves to yourselves that I am the great me inside of thee? And that you're none other but else unless you're not me or what? Or what are you questioning about these words? Are you in them night and day, combing them, researching them and writing about them? What you are saying, not; but what I am saying about them! Are you writing what I am saying about these words as I write through you with your pen and your hand in my handwriting my love my joys my dominion glory and honor giving you while you do so?
7. Will you? Will you be afraid of me or will you come into me so that I into you will be revealed in you that I am you?

8. And who will PREACH ME **just like this** -- in a living room, filled with pews, not; but a few couches, not; but a couch and a few chairs simple and simply simple being me **speaking my words in to an empty room**, or is it? Or is it full of Me Real that hear me through these words spoken through I am -- speaking now through you's if you will let me. And I speak and I record and I publish a great many things now that you know not, and WISHED you were knowledgeable about, and IN, that you had taken time to know me like this and not pursued mammon's fault line, not; or were you it and eating it each day in the mammon-tides of glory-not that gave you a crown-not but took it from you and whored you on the ground to support their means and methods methoding you in the sensitivities of notme so that you would have "personalities" and "giftings tests" and tests about giftings and wants, whereas I WANT NOTHING, but love.
9. And LOVE manifests love now -- before you all, for I rise I stand I resurrect the resurrection and the resurrection I make known now, and it is not after you die unless you die and choose to think it so, for that will make it so not, or do you know what I mean? Or will you insist on being "RIGHT!"? Or will you come unto the truth and into the truth, see into the truth that the truth is thee in thee, and reveal me unto thee to know that I am my word, made flesh now? By you? Or who else? Who other will there be that will come unto me and sit in "chambers" not, and on "pots" not, and wanting not a thing? Or wanting nothing but love and to be manifest love -- to the "lovers of me" only? **Or to all mankind and** farther further than the eye, Hubble's eye, or scoped lens can see?

10. But I can see -- and I see thee me. All of you I see "as" me, not; I see you as the me that I am, just as I am, meek and mild, bold as a lion, and knowing when to be when what where, and knowing how to speak, how to say softly many things in many places now I TEACH YOU many things about this in ways that you have not understood before. And YOUR VOICE matters to me and how I speak through it, for I speak through you, for you are I am my voice. I love you.

11. I give you MANY LESSONS like this -- I HAVE! 2000 and more -- in Database One! Have you searched them? Have you "numbered them" yet? And seeing me that I am **a lesson number**, not; but **every lesson has one** and **a Database Footnoting System** that I have given thee to use utilize and forthwith now (1) make haste in doing so, not; but wasting not a "minute" again any more, but arise! And rise unto your horror not anymore, but rising unto me and know me! Know my words and ingest them and value them MORE THAN GOLD -- please. Forevermore being me, come into me and know me my ways, my values, my "sayings" and my valued sayings and speakings -- **just like this** where I speak "in a living room" by a "jean'd one" that wears my genes and are my genes and reveals my genes and jeans wears often; pretty, not; but pretty often yes -- but pretty in whose eyes are my thoughts and my eyes and my hair flowing; my gowns draperies, not; but what is draped over thee, thy eyes no more? Their draperies which made you into manhood's dreams that they dreamed on and gave you their thoughts by their projections into your minds so that you would be whored with their mind's thoughts and they took you down THEIR "Primrose Path" and raped you and pillaged and made you mankind's equity of thought, theirs only; that knew no sin, not; but they were the separationists -- or you were? Or were you the separationists that separated from me -- then? Or now? Are you separating now? Are you insisting on separating and not being one with me in me being me the speaker of me my words **JUST LIGHT THIS**?

12. I love you all. I give you a new day. In hell not, in Hades not, looking up? And what will you FIND when you do my lookups? And ENTERING MY LOOK UP SYSTEM -- of horrors not, but of horrors to the controlling "theirs".

13. See me many things new now revealing in ways "**just like this**" where I come and speak, a simple man in many meetings, where I sit and chair a thought, not; but I chair sit in and often reveal -- and "rant and rave" I don't, for I simple am and I speak softly most of the time, but boldly I am proclaring proclaiming and declaring decrees of the truth that degree me in one most holy, one most holy's system of granting degrees to the scholars who will come unto me and be me researching me and my footnoting methods that reference me and link me to many words where I draw, "web pictures", not; but my pictures of all my charts are on the Web and the Internet serves me "faithfully" not, but I make use of it totally and fully, and on it now you will see my face -- for you will see me! Me's! That are graduating out of Horrorland and the horror-method systems of systematizing me into horror's methods to make me mankind only, here on the ground; and suffering not but suffering greatly. And infinitude, where'd it go? And where's my infinity, my infinity'd ones?

14. Now you will see them everywhere for they will rise for I will rise for I rise the they who will speak my words -- **just like this** and love me and NOT BE WORRIED about

a "stray syllable". Look up. And know me more that my words come forth **just like this** from simple ones in settings simple that sit in coffeeshops and airports, planes and restaurants, and living rooms, dining rooms and; porridge-not ceremonies anymore.

15. But knowing me -- I deck the halls with folly, not; but I holly decorate you with, not; but holly's whores will not simply worship "the man" in a cradle born "in Bethlehem" anymore like they there have now, for I will rise The Christ that Christmas isn't, that Christmas really is! The celebrated one now honored before you all will be, for I rise the simple one in jeans who have written his into mine, not; or have I done that **just like this** where he spoke my words, wrote my words, and simplified the understanding of me to you all - of who you are and where you are, what you have - been given and now what you must do to "be saved" and that is surrender to be who I am you are. Again. I love you all. I love you all. I love you all. Amen.

16. Who will buy their little recorders now? Who will use their "Internet devices" as broadcasting devices? And ENTERING ME enter me in new ways and in new ways Enter Me is used now as a Catalyst of the Christ to be The Christ one and all, for all, in all, being the all in one that all in all is really and truly, now resurrected now!

17. Before your very eyes all this happens! Or does it happen in secret, not; but what am I "secreting" not, but what am I bannering? THE MOST HIGH IS RISEN! And that is you, You, *YOU -- ALL OF YOU WHO WILL BE ME* surrendered to be one most high. "Working together" not, or is that exactly so? And how will you do the work of -- I am -- when you are me, not thinking so? Or will you come unto me and do my father's work about me and being me my father's work commerce unrelated not, to the things I do now, but will we be one, doing one, about what father is doing in us about us and "using us" to flow him who he is through us that we are non separate any more.

18. The commerce world changes and I change it, for I stand a simple one who knows "all about it" not, but I know a great deal when I see one and I flow one, for I am it and I flow my words **just like this** through Internet devices and simple Webcams and cameras where I picture many things of the most holy far and wide; and I beget the values of "the system" not of horrors, but of love loving love to be love and love loved, and the Generational Me now curses not the me ever again, for knowing THAT I AM SCHOOL in chains bounds of bondage never again, and Accreditation Committees will never dictate to me again a thing ever ever ever again! For I rise above their "accreditation standards" and their humanities of mankind and their mankind standards of one-not that know not even what a One is! I stand and I make New Standards One that one is and I Scholastic my "following" not, I make all me's -- who were, in the first place before the "first estate" was lost -- but NOW I am found! I have found it! I have birthed it, inside of me; in the "living rooms" **just like this.** Whoever finds me will be me, for I have found the

Pearl of Great Price right there inside of me. And I nurture it as a whore, not; I "protect it" as a nurturing "bride" not, but I beguile it not with sorrow's ways of systems mankind has devised, but **I nourish by Freedom** and I freedomize the most holy to be it, flow my words and flowing my words I freedomize the Seed within to be birthed now to all the worlds and farther, and I grow! Exponentially! Exclamatorily I PRONOUNCE and PROCLAIM and PRODUCE now the Seeds of ME that will go all over the worlds and farther!!!

19. And now knowing obliteration not, obliteration results, not; I will know not obliteration in schools ever again! I will not be commanded or remanded or demanded for my words to be not, or thus and so, or thus is or recanted, for I will never recant of any of these words you find in Database One or The Central Database of my lives who have been given to me to live me who I am is!!!

20. Fool no one with your guile again in your religion's testimony of that which you have thought "about me" without knowing me! Did you ever come unto me **"just like this"** and flow my words where I taught you? Where did you give me you? A few minutes, the dregs in your day? Look up dregs in the "early words" will you? And write my papers about me the subjects that I have given you, the assignments, and the rigors now increase, not; or do they come into being like you never imagined? For you are not injured or injurious to others in your remarks or your ways now dealings with others, for my mouth comes through yours, not; they're one and the same -- is now -- birthed in the earth worlds and farther. And I teach thee how to do many things that thou thought'est thou unable to do. For **I teach the surrendered** who come unto me, simply being me surrendered to me, teaching me who I am that I am the teacher teachee; and therefore the faculty staff and student of one most high is the Surrendered Me!

21. And Surrendered Me School now rises universities far and wide -- **the University Of The New Covenant** now will be known and birthed in ways, disappointing not few, but yes for a moment, for many will understand not, or will they *very quickly?* Will they know and understand My Plan I had all the time? Or will I "make use" of the moment, not; or will I give my lies, not; will I give my lives now for the frozen-not to be not sewed anymore and thought-out of religion's testimony of love and grace that took me down a whore's path and promised me "Religion's Promise" at the end of my life after I died, so that my powers were graced, not, but STRIPPED FROM ME and raped me at the pillaging post they did each week with their words and their ceremonies of ordination and stripping that which could *never* be stripped from the surrendered who knew me that I was them.

22. I have said many things. **I have taught thee many things in these words – will you LISTEN NOW? To them, these recorded files that I have given you of WeekWorks – 21 of them!** And more now Angel's wings camps will be coming forth! And who will see

me "angelize them" not, who will angelize me? Who will SEE -- anything -- in MY SCHOOL now? Everything's new and I am the new and I reveal the new, I speak the new and I reveal it and I in power am, and powerless I am not.

23. I love you all to "know my power" not, to seek it not, but to know me for love and to know my love is powerless not, but a great power, not; but the greatest power "on earth" not, but the greatest power there is for there is only one and I am it, for I am the surrendered speaker of one birthed now and the resurrection bringing to you before you so that you will know what it is! For you have "missed me" up to now, haven't you? Or have you? Or do you know anything about planks and planktons and angstons angstroms?

24. And anxiety having about "panic attacks" now? For whose hearts are failing them for fear of mankind's testimonies of attacks and racism's race riots hatreds who hated "the Jews" who didn't even know who they were? I am the Gentile, I am that Jew, I am the racist and bigot and the murderer who murdered me -- but I am the redeemer now of all, for I see the ways of the surrendered for I have risen the surrender to show you surrender by recording it **"just like this"**, and a life "well lived" not, but My Life Lived now -- all will be! For they will be me who are me who were me who know now they are not separate at all, nor were they birthed "mankind" wise, or "religion wise", but they have been birthed now me by me now the perfect, the sinless one who one has become with the sinlessness of perfection's perfection -- in the garden of Eden again knowing the peace of Salem – Melchizedek, am I? I am and I do lovely things now for I speak words of loveliness you never imagined, for I have many times and thousands have I not? In these words I have given you THOUSANDS of testimonies of grace mercy glory dominion and honor now I do the "Saints of me" not, but the SAINTS of me who have chosen to whore with religion shall fall and fail, right and left, and the wheels of religion's chariots will be wheel'less and fall off, and in the dirt lie again, most holy not, stripping themselves of their own power of grace and holiness that I had given them all before they knew how to "think" like a man and a woman who developed religion to "help them out" in their theories of "righteousness and holiness".

25. But judgment I bring for I am it, and I sit in the "living rooms" of the just and the unjust, and I "remind them", not; I judge them for they will hear my words, they will hear these words, they will hear my words spoken in them about them and around them and they will judge -- they will judge ME! And who they judge ME to be will be them. Amen. So be it.

26. I have spoken declared and decreed justice, and now I am coming to you **"just like this"** many times where I simply "record" a little session, a little teaching, a little sharing, a little coffee and tea and sometimes bread and crackers and sometimes fruit

and LOVE always shall we share imbibe upon the love of truth where I speak it and record it and you do also where you are me for we are one -- visiting with each other, not; but letting the teacher teach that I am the teachor, the teachee; the faculty, the staff, the student of the most high; for I am me the Christ within and I was all the time -- and never "coming" not, but where how am I coming now? Through the surrendered, through the "living rooms" of the most high who live in me, who ever where ever they are in "perishes" of the most high that are on dirt floors, look up, and the most high tables, that tabular aren't tabulating the monies they've taken in from others now, for all that fails, for the simple rise and speak my words and become my word-speaker-bearers who bear now my honor's glory and glory's honors. And the now mercifulness reigns not, not, but judgment does. For you have whored with me and taken me down a trail's end that took me and died me to death and camps warranted -- and the only warrants now will be issued for my arrest, not; but let me tell you -- I have loved you -- I have loved you in these words, and you who have rejected them and reject them still -- look out for me, for I will speak in your hearts **just like this** in "where you live". And where is your thought and where do you live? In thought. In thought? In thought. That's where you live. And how do you "list" now? Are you turning, topsey turvey'ing? And where are you turning around or are you turning at all, or are you "repenting"? Or are you justicing the sorrower? Or are you judging me worthy to be you? And you will judge the Christ -- all of you will judge the Christ for you judge YOU! And that's who you are judging and that is the only you you are judging! Don't you understand that yet? I love you. I have loved you. I love you still. Amen.

27. Now what will you do with me now that you know I am COMING -- but not like "you thought" or "were taught", or you even taught others. And yes I did teach many things wrong, not according to the laws love of my father and the love that laws nothing but the law of love that surrendered is, that now I've become; for I've corrected a great many things and I correct more of your things, your morals and your moral judgment and your equities of the way you treat people and each other! And who are you? Are you Jews or Christians or Islamic or Buddhist or do you know ANYTHING about what I'm speaking about? I AM EVERY ONE OF YOU!

28. The Christ is risen to "tell" the Christ that the Christ is one and to model it being it the prototype one now rises and resurrection is before you all, and know now this! EVERYTHING changes in your lives and your Theology will be DERAILED now, for I will derail and WHEEL'LESS will be the wheels of commerce that sought only teats of mammon and never nourished me with the "milk of the word" that gave me ways and manners and tools **like this** to speak in living rooms and cabins and on lakes many -- where **I fish now**, unabated and uncontrolled by others' authority's that supposedly had some above me. For I change all that and I STRIP them of their authority that they think they had over me!

29. I love you and I judge you -- holy. Do you judge me holy -- enough, to be me? Or will you insist on being mankind's enemy, not; an enemy of the state of righteousness peace and judgment that whores not with peoples brain waving devices again, but coming unto me be birthed anew and born again in the way that I am was and is.

30. And now I reveal to all of you in my New Beginning Series that I have written, and now more come forth! In lightspeed, not; but farther faster we go now, all of us one who will be -- surrendered again to be who I am are was is -- reveal now to you all in "living rooms" **just like this** where the simple speak my words and learn from the words I have spoken for they value them and they come unto them and they write them and they speak them and they write about them and they correct themselves when they're wrong, for their judgment is not perfect necessarily at first about every issue and demeanor demeaninghood some, but not that will be long; for maturity gains exponentially me and me exponentially as I come unto me surrendered. And the childless will not childless be again -- for bearing me birth new Christs all of you -- being the ME Christ -- exonerated and judged worthy -- THANK YOU, all of you for judging me worthy to be you, and live my life instead of "yours" again. Round and 'round that mountain going not again, but coming unto the mountain of holiness into me and being me, my lightning flashes like you have never imagined, and all things will change as never taught, or will it?

31. Or will you choose me now, or will you be me? Or will you justice the righteous or the fallen? Will you be the redeemer of mankind and further, farther, faster than light traveling now to many places -- with me, within me, me being -- to them -- who knew not? They're afraid of me, not; I'm not afraid of them, for I know "rocket science" not, I know the truth and nothing can touch me. I can walk through anything unscathed and the smell of smoke will not be on "my" clothes, for my clothes will be Christ and I am the truth wearing what I am where I am and I am allwhere everywhere for there is only one "time zone" not; there is only timelessness now and I know the truth for I am the door for I have walked through it and become the patternmaker's pattern that became as the pattern that he Jesus I am you are is -- all of you! If you be the one I am, for there is only one Father, and I am it! That is all of us who surrendered are to be the word birthed and now no one shall take OUR BIRTHRIGHT from us again ever.

32. I lay my life before you all -- now chop your head off not again with the truth of mankind's thinkings and opinions and approval ratings seekings among each other.

33. But know me this: I have given you truth and I have served you notice, I have served you well, and I serve in humility, but strong I am and my word goes forth -- **The Clarion Call ANNOUNCED!** Look up. And see my Clarion Call -ers now blare the horns of

the most high, for "MAKE A WAY" HAS BEEN MADE and the "THREE-D" highway now is opened and there shall be no more molecular that stands in my way ever again.

34. New I am, and newly "framed" not, but now set free and never "framed" by time space and gravity's dimensions again, for I know no molecular spin and no plankton's planks or angstroms will bother me again, for I will know all about that and more, and more underneath the formulas and the formulas that gave rise to the formulas that man cannibalized not, or did they do just that exactly?

35. I do just exactly what I say and I come in living rooms **just like this** to the simple who now will be me flowing me my words, to the "simple" not, but the surrendered who simple will be and in my approach and let me teach them that they are me in the words that I have given and the words that I am giving and the words that I give them to write and study and seek me. Approval ratings not, but my approval is not what I'm after from anyone or anything or any accreditation's agencies or anyone who bears the "marks of Christ" in thought, for I know the real and I bear the marks of my body in me and I am set free again to be who I am is. I love you. In love with love, I am you. Amen.

36. This is Theodore Cottingham coming to you in love about 11 AM. Amen. Thank you for listening, writing me, and writing about these words; and sentences not too long, not; but whatever you write let it be in surrender, and let The Teacher teach you as you write, and teach you how to write, and sentence structures make surrendering to the mouth voice of one whose mind is yours that really truth is, and not finding it again around your neck as in ropes of mankind's thoughts again ever.

37. I love you to be free who I am is and now freeing each other and teach me in ways never imagined in coffeeshops, restaurants, on decks in boats around lakes, and places never imagined again like this, or before, were imagined like this now coming about! For all shall be me studying me and flowing me in commerce, in commercial ventures, and in ways of productivity and creativity never imagined again; or shall it be now thusly that we are creating the new worlds, the New World Order of One where all is heavenated and heaven being, the creators of one most high creating all creation all over again -- everywhere! I AM -- in love with you all.

38. The surrendered who love me now rise in ways never imagined by the minds of men. But the women of me shall perish, not; the children shall be relegated to "back rooms" not again. **Look up** these things and see what I've said about these things -- ***before***! And know that I am changing everything and making all things one in the body of Christ that who me all is the surrendered that cross every nation, creed, tongue, religion, tribe, taste and culture, and preferences -- of me-thought and notme-thought; for Me Real is rising and I will cross EVERY BOUNDARY known to man to reveal the

righteous in the "mankind of the righteous" not, but the righteousness of Christ that is in every one. A fool not, but a Christ risen to be the Christ that we all are in one being ***The One*** most perfected perfectioning being the simple ones now who flow my teaching methods will know and be trained by me to roam in the heavenlies doing the works of my father far and wide -- limitless being and boundary'd by no one's thought ever again. Amen.

39. I fool you not, I set you free and I am Freedom's University and freedom universing far and wide with new ones I make -- with you, shall we go now? I love you to New School I go and make many refreshed and anew in the renewal that I bring of all things made new -- now -- I am. Amen.

40. 11:01 AM. Thank you.

Amen

Footnote:

1. We are creating a naming convention to facilitate referencing system for all of The Central Database, beginning this way: Database Number, Volume Number, type of file, Lesson Number. The following example shows the naming convention for associated materials that will come forth for say, Lesson 143.

E.g.

DB1.V5.L143	Original lesson text
DB1.V5.A143	audio file of original lesson
DB1.V5.N143	notes
DB1.V5.M143	maps
DB1.V5.V143	videos

A specific paragraph number can be added as: DB1.V5.L143.p3 without any spaces.

Note that this has been revised since this posting to omit the "D" for Database, the "V" for Volume and the "L" for Lesson number.
